

THE ART OF SLEEK ILLUMINATION

Stylish Designs for Modern
Spaces with Natural Light
Aesthetics

LINEAR SERIES

Sleek Illumination, Seamless Design

Experience the perfect fusion of elegance and functionality with our Linear Type Downlights. Designed for modern interiors, these pendant, recessed, and surface-mounted luminaires bring a touch of sophistication to any space. Whether enhancing counter tops, illuminating retail aisles, or brightening common areas, these fixtures deliver outstanding performance and style.

Crafted with precision, the sleek and stylish linear design mimics the beauty of natural light streaming through the ceiling, creating an inviting and harmonious ambiance. Perfectly suited for retail application, these lights seamlessly blend into the architecture, making them a versatile solution for a variety of lighting needs.

Transform your space with innovative design and superior lighting quality-our Linear Type Downlights redefine the art of illumination.

Color Reproduction

In order to accurately restore an object's original colors, Gardler Lighting offers a variety of CCT options, including 3000K, 3500K, 4000K, and 5700K. These options enhance the saturation of objects under the lights, bringing them closer to their original colors.

COMPACT LINEAR LIGHTING SYSTEMS

KEY FEATURES

- Aesthetically designed linear profile luminaire for recess, surface, and pendant mounting applications.
- Constructed with high-grade extruded aluminum housing for durability and sleek appearance.
- Features high-efficiency passive cooling technology for excellent thermal management.
- Equipped with a high-efficiency PC symmetric diffuser for uniform light distribution and enhanced aesthetics.
- Utilizes high-efficacy SMD LED technology on FR-4 PCB for superior lighting quality.
- Includes inbuilt high-efficiency electronic driver technology for reliable and energy-efficient performance.
- Available in powder-coated finishes white, black, and grey.

LINEAR SERIES

Elegant Lighting Solutions for Modern Spaces

Our Linear Type Downlights seamlessly blend elegance and functionality to elevate the aesthetics of modern interiors. These versatile luminaires are suitable for pendant, recessed, and surface mounting, making them perfect for spaces such as countertops, retail aisles, and common areas. Featuring a sleek linear design that mimics natural light, our downlights effortlessly create a harmonious ambiance that complements any architectural style. Whether used in commercial or residential settings, these fixtures offer innovative design and exceptional lighting quality, setting a new standard in the world of illumination.

KEY FEATURES

- Elegantly crafted linear profile luminaire for pendant, surface, and recess downlight applications.
- High-grade extruded aluminum housing for durability and sleek aesthetics.
- High efficiency passive cooling technology ensures excellent thermal management.
- Aesthetically designed high-efficiency PC symmetric diffuser for enhanced lighting experience.
- Utilizes high efficacy SMD (mid power) LED technology on FR-4 PCB for superior lighting quality.
- Features an inbuilt high-efficiency electronic driver for seamless operation.
- Pendant installation includes wire suspender and ceiling coupler for flexibility.
- Surface installation facilitated with clix fix SS clamp for easy setup.
- Easy installation with a heavy-gauge clamp adjustment locking system, ideal for false ceilings
- Available in powder-coated shades white, black, and grey

KEY FEATURES

- Aesthetically designed surface & pendant mount linear profile luminaire for down light application
- Luminaire housing made from high-grade extruded aluminum
- High efficiency passive cooling technology for good thermal management
- Aesthetically designed high efficiency PC symmetric diffuser
- High efficacy SMD (mid powder) LED technology used in FR-4 PCB
- Inbuilt-high efficiency electronic driver technology
- Shade : powder coated-white, black & grey
